

MR. SATTER BOUGHT THIS FARM SOME TIME THIS SUMMER FROM THE WALT SCHULTA ESTATE TO HAVE A PLACE TO KEEP HIS SADDLE HORSES .WHEN HE GOT THE PLACE HE TOOK A SAMPLE OF WATER FROM THE WELL AND SENT IT TO MADISON AND THEY TOLD HIM TO HAVE A NEW CASING PUT IN THE WELL.

WHEN I PULLED THE OLD CASING OUT THERE WAS ONLY 18' OF GALVENIZED PIPE IN IT AND WHEN I CLEANED THE WELL OUT THERE WAS ABOUT 16' OF SAND AND SHALE IN THE BOTTOM SO ~~I\*CLEANED-THE-IT~~ WAS DECIDED THAT IT WOULD BE BEST TO PUT THE NEW CASING DOWN BELOW THE SAND STONE AS THERE IS ABOUT 8' OF SHALE RIGHT UNDER THE SAND.

THERE IS NO BARN OR HOUSE ON THE FARM. JUST A SMALL MACHINE SHED ABOUT 150' FROM THE WELL. NO TOILET . SEPTIC TANK OR TILE FIELD.

THE HORSE CORAL IS ABOUT 50' BELOW THE WELL.
